All outdoor activities involve some degree of risk. Please, remember that your safety is your personal responsibility; be well prepared for your chosen activity and route. This is a wilderness recreational trail that you use at your own risk.

The Saulteaux-Goulais Trail consists of 40 km of main (linear) trail, 30 km of loop trails and 15 km of spur/access trails in and around the Sault Ste. Marie area. There is something for everyone, from Lake Superior coast to lookouts along bluffs, wetlands, and inland lakes and waterways. The main trail is marked with white rectangular blazes, loop trails with yellow, and access/spur trails with blue.

Voyageur Trail members can access detailed map and GPX track products that contain information such as parking details, elevation profiles, trail lengths, descriptive information for all points of interest, and photos. Please adhere to the Trail Users' Code. Visit www.voyageurtrail.ca for more information.
